

An idea was born!

Dog's Gotta HAV-IT Dog biscuits started out as an activity idea one day. Everyone seemed to enjoy the baking process so much that they wanted to share with dogs of the community. The idea was born to create an all natural gluten free product that was safe for all animals with potential allergies. Everyone enjoys in the participation in making this great product for you and your canine pals!

Dog's Gotta HAV-IT Dog Treats.

Made for your canine companions by the awesome ladies and gentlemen at HAV-IT

What we are made of...

Our product is an all natural gluten free dog biscuit made with all of the finest ingredients. We use filtered water along with organic carrots. The peanut butter we use is 100% peanuts, no added sugars or sodium! The honey and applesauce we use in our recipe is also gluten free and comes from our local grocery stores. The preservative we have been using is an all natural mixed tocopherol which is a vitamin E oil. The oats we use are also gluten free and are hand ground into the flour that we use in our mixture. The brown rice flour used in our mixture comes from our local flour mill Fire-bird Artisan Mills. We are proud to be able to share this product that we have worked so diligently on, to the dog's of the community!
